Part Aging And Recertification Program

PRE-CHANGE

Wafer sales/Die sales: No define
QFN: No define

POST CHANGE

| Product | Aging Policy | Recertification |
|--|---|---|
| Microcontrollers & other Integrated Circuits | 4 years | As parts approach 24 months age, Microchip has a process in place to recertify IC products (refer to Note-2). |
| Die in wafer or diced form | No aging restrictions (per storage guidelines prescribed by JEP160) | - |

Note-2: Microchip IC recertification may include one or more of the following: inspections, retest, rescan, and repacking of parts, allowing product to be shipped for an additional 24 months. A Certificate of Conformance (C of C) will be included with the shipment.

For Microchip Direct, Microchip may ship product up to 5 years from the mark date code and no re-certification process applied.

For more information related to Microchip's part aging strategy, please visit the following link on our website: [Component Age Policy](#)
