**PCN-OSI-1005-2017: VSMY2850(G/RG) / VSMY2853(G/RG/SL): Change in Chip
Schedule Update**

Dear valued customer,

In order to provide sufficient time for a sound verification of the new device performance in your application, we will push out the start shipment date for the PCN OSI-1005-2017.

The new chip generation will be used in production from July 1st 2019 onwards. The parts can be identified by date code 1927 and later.

Please do not hesitate to contact me if you have any questions.

Sincerely

Andreas Puetz
