

Advance Silicon Group (ASG) Pressure Sensor Migration

Summary

This is to inform you that effective **August 31, 2016**, Honeywell will no longer offer some of its Advance Silicon Group board mount pressure sensors due to supply chain discontinuity of a key component in the ASG product. The affected product families include CPCL, CPXL, CPC, DXL, DUXL DCXL, SCDA, XPCL, XPC, XCX, XCXL and XSCL Series. Honeywell is requesting that its existing customers migrate to an alternate part (see Appendix, page 2) in current and/or new applications.

Important Actions

Honeywell sales team and Authorized Distributors: Please inform affected customers as soon as possible. By **May 31, 2016**, provide the Honeywell regional product manager (see page 2) with the customer's preferred transition option:

Transition Options:

Option A: Migration to Replacement Product: Information required:

- a) Current product
- b) Migration product
- c) Total quantity of current product required. Example: 2 years of Estimated Annual Usage (EAU) to cover validation period.
- d) Effective date of migration
- e) What type of qualification data is required for validation to support the customer's chosen migration part?

Option B: Last Time Buy of Current Product: Information required (use spreadsheet provided):

- a) Current product
- b) Total quantity of current product required, by year, to support the end customer's product life span. For example:
 - o 2016: xx units
 - o 2017: xx units
 - o 2018: etc., for as many years as feasible

Important Dates

- **May 31, 2016:** Deadline for Sales to inform the Honeywell regional product manager of the customer's preferred transition option.
- **August 31, 2016:** Deadline for existing customers to place Last Time Buy orders; requested delivery must be by December 31, 2017.
- **August 31, 2016:** Affected listings will be removed from sensing.honeywell.com.
- **August 31, 2016:** Affected listings will be removed from technical documentation.
- **August 31, 2016:** Pricing will be removed from SAP so the products will not be ordered unknowingly by new customers. This will not affect the ability for existing customers to place orders during the last time buy period.

Additional Materials

Access the Rep/AD Portal for the following:

- A letter that you can modify and send to the customer
- Affected part number list
- Last Time Buy Customer's Product Forecast spreadsheet
