

Product / Process Change Notification (PCN)

909 N Pacific Coast Highway, Suite 230, El Segundo, CA 90245

Notification Date: October 25, 2021

PCN Number: PCN211001

PCN Title: Manufacturing Site Alternate – Wafer Probe Testing

Product Identification:

The following released to sales part numbers will be impacted by this change:

See Appendix I

Description of Change:

EPC announces the qualification of MSEC factory for AEC wafer probe testing. MSEC has IATF 16949 Certification. EPC's Generation 5 and multiple Generation 4 commercial qualified devices, including the commercial version of the EPC2203 (EPC2036) are currently tested at MSEC. MSEC is now approved as wafer probe testing site for the released to sales part numbers identified in Appendix I. There will be no change in manufacturing technology or to the package dimensions. This change does not affect the form, fit, function of the product as defined in the datasheet.

Successful qualification testing of the MSEC facility was previously performed to ensure product quality and reliability requirements are met or exceeded.

MSEC will begin production of EPC products in Appendix I on or after DC2130. During the transition period customers may receive shipments from any approved EPC assembly site.

Last Time Buy:
