Common mode filters for power line : ACM7060,AC1211types : Addition of automation lines

Common mode filters for power line , ACM series, are manufactured manually for main processes such as winding process at TDK Zhuhai in China.

On the other hand, labor cost has been increasing and it is getting difficult to hire workers in China recently. We apply this process change to keep product supply and improve quality.

1. Details of the change

1-1. Change content

Addition of automation lines

1-2. The change of 4M +1E

Man	Machine	Material	Method	Environment
No Change	Change	No Change	Change	No Change

2. Affected products

ACM7060type、ACM1211type

Please refer to the part numbers list in detail.
