## Legacy Automotive NOR Flash MPN Terminations (1 Year)

PCN: 32157

Published: 2016-12-05

### Revision History:

Revision 1, 2016-12-7: This document supersedes the original PCN #32157, dated 2016-12-5. Updates have been made to replacement part numbers for N25Q128A13ESEH0E and N25Q512A13GSFH0E.

---

<b>Type:</b>	End of Life
--------------	-------------

---

<b>Description:</b>	In an effort to maximize manufacturing efficiency for Micron's NOR Flash memory product line, and to better align with industry trends towards higher-density memories, Micron will be discontinuing production over the coming years of NOR Flash devices produced in its Fab-13 Singapore facility. This discontinuance action will allow Micron to better focus its efforts on supporting its competitive, industry leading 45nm high-density NOR Flash products
---------------------	---

The Automotive grade products contained in this notification provide a Last Time Buy in June 2017, and a Last Time Ship in December 2017.

Micron is taking these actions to better focus efforts on supporting higher density NOR Flash products that deliver the most value to our customers, and we encourage customers to consider using one of Micron's 45nm NOR Flash products for any new application or design.

---

<b>Reason:</b>	Manufacturing Efficiency
----------------	--------------------------

---

<b>Product Affected:</b>	NOR Flash family M29W, M29DW, M29F, M58BW, MT28G, M25P, M25PX, N25Q
