Correction of datasheet typo of TL431 family

Information Notification

Correction of datasheet typo:
Measurement circuit Fig. 18 at "TL431 family" datasheet:
current datasheet: 9pF
new datasheet: 9µF.

In addition the datasheet layout will be adapted to current NXP datasheet layout (incl. partly rearranged sequence of information).

Why do we issue this Information Notification
Correction of datasheet typo.
Identification of Affected Products
Product identification does not change

Impact

no impact to the product's functionality anticipated.
There is absolutely no physical change to the product.
Data Sheet Revision
A new datasheet will be issued
Disposition of Old Products
Existing inventory will be shipped until depleted

Contact and Support

For all inquiries regarding the ePCN tool application or access issues, please contact NXP "Global Quality Support Team".

For all Quality Notification content inquiries, please contact your local NXP Sales Support team.

For specific questions on this notice or the products affected please contact our specialist directly:
Name GA Customer Support
e-mail address DiscrQA.Helpdesk.GA-Products@nxp.com
At NXP Semiconductors we are constantly striving to improve our product and processes to ensure they reach the highest possible Quality Standards.
Customer Focus, Passion to Win.

NXP Quality Management Team.

About NXP Semiconductors

NXP Semiconductors N.V. (NASDAQ: NXPI) provides High Performance Mixed Signal and Standard Product solutions that leverage its leading RF, Analog, Power Management, Interface, Security and Digital Processing expertise. These innovations are used in a wide range of automotive, identification, wireless infrastructure, lighting, industrial, mobile, consumer and computing applications.
